SUMMARY

I completed a course in Full Stack Web Development in Python using Django Framework about a year ago. Since then, I've been diving deeper into frontend development, mastering HTML and CSS, and creating some interesting projects along the way. I'm eager to expand my expertise and bring creative ideas to life through web development.

EDUCATION

2020: **Completed High School from Sadguru Public Higher Secondary School, Jankikund, Chitrakoot, Satna, M.P.**
